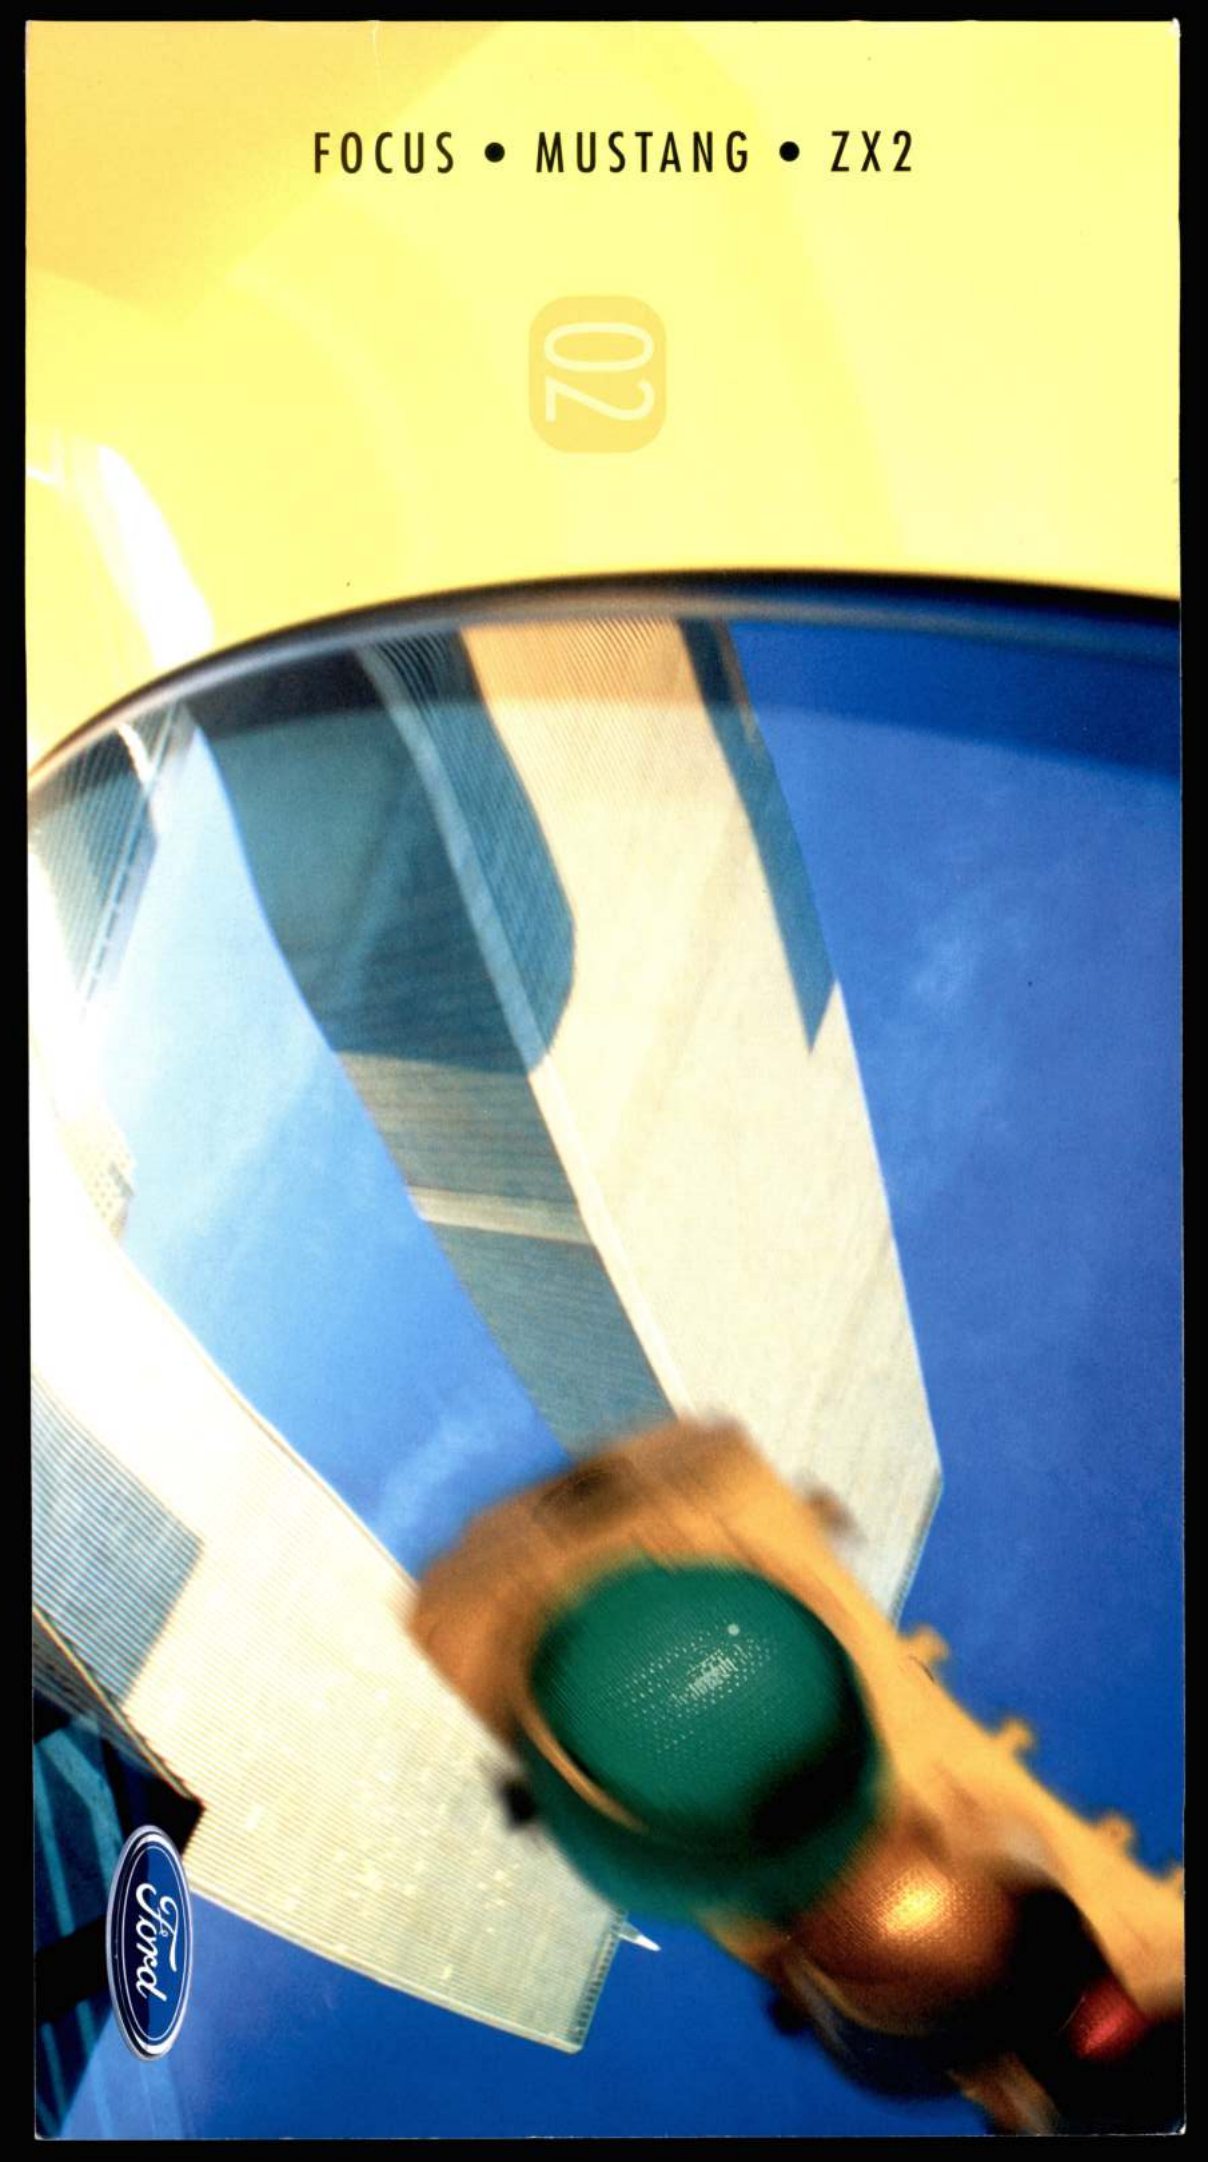
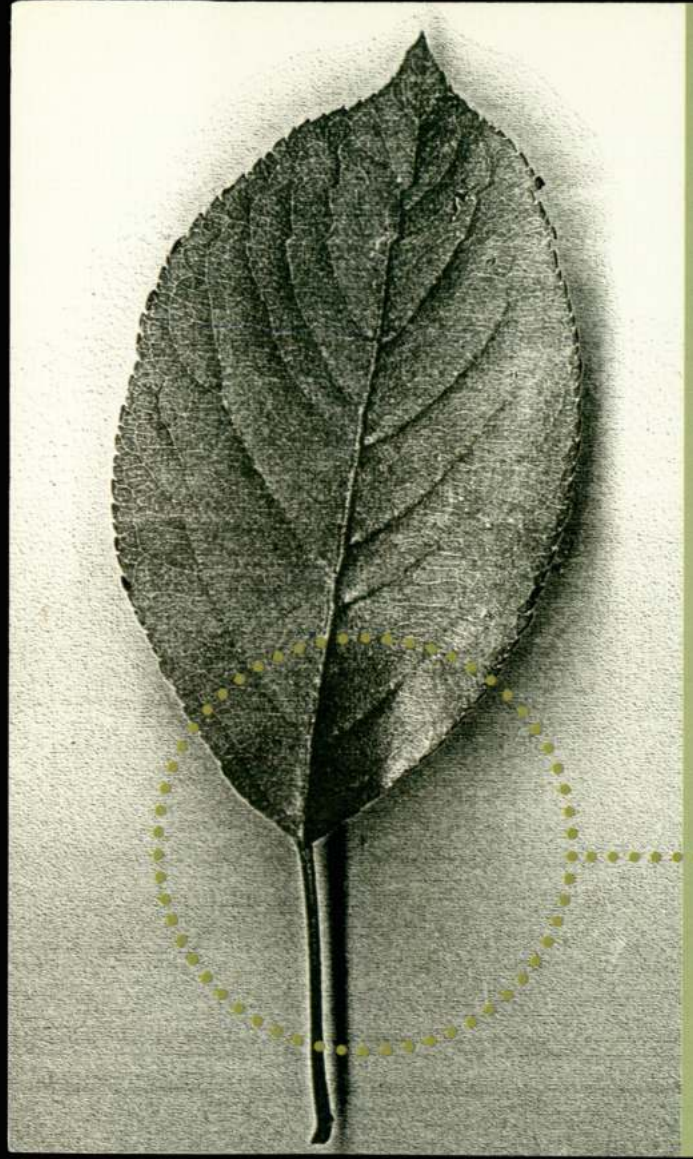
02





When it comes to zipping around this great big world, we have our little wants and needs along the way. Whether it's another cupholder or a bigger truck bed, we at Ford are super-conscious of what people want. But, of course, the thing we all want most is a cleaner, safer world. So that's one of the first things we think about with every decision we make — from the sites where we build factories to the kind of paint we use on our vehicles. It's that "Hey, we live here, too" thinking that points to a better future for all of us.

ENVIRONMENT

# INDIVIDUALITY

So it's a pre-fab, cookie cutter, "everybody khaki" kind of world out there. But there are still ways (besides custom paint jobs and personalized license plates) to show that you're one-of-a-kind. How about buying a car that isn't afraid to let the designers go out on a limb? A car that might make less adventurous souls a little nervous. A car that lets you put exactly what you want in it and under the hood. Every one of the cars on the following pages does that, and more. Hey, they haven't figured out how to clone humans — yet. So toot your own horn while you can.

## FOCUS ZTS

Getting into the best clubs can be pretty tough.

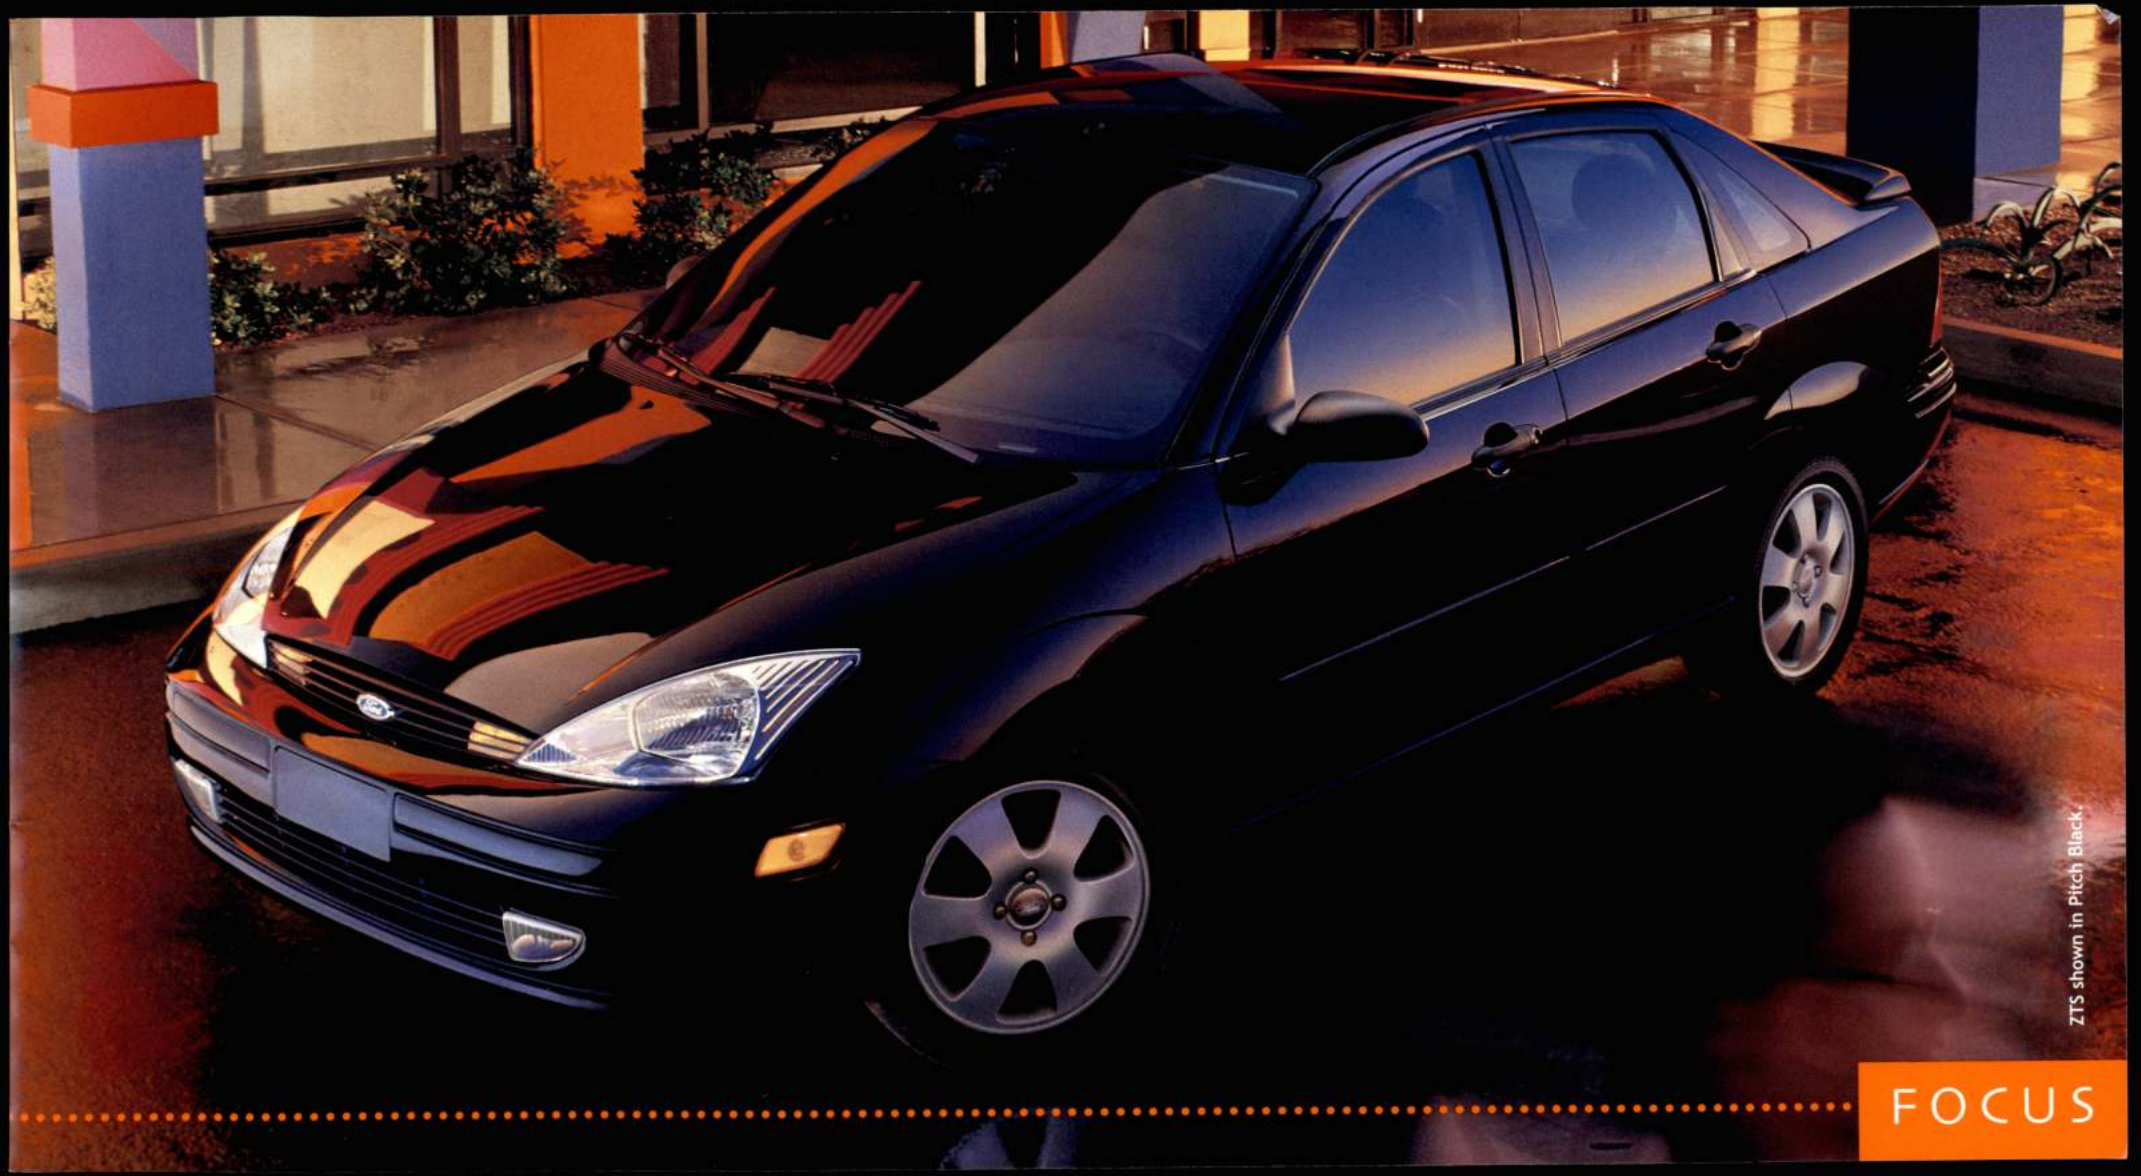
**You've got to know how to look, know how to move –**

basically, you just have to be in the know.

## SAME THING GOES IN THE CAR WORLD.

There's got to be more than just great curves and shiny paint.

**The totally fresh ZTS definitely fits with the scene.**



ZTS shown in Pitch Black.

## FOCUS ZTW
## FOCUS ZX3

Focus is more than a one-hit wonder.

## ZTW AND ZX3 GIVE YOU SEATING AND STORAGE OPTIONS GALORE,

with forward-thinking features that will keep Focus from having

**that "where are they now" status years from now.**

ZX3 Premium shown in Egg Yolk Yellow.

Door number one? Door number two? Or door number three? With Focus ZX3, you always win. Especially with the standard single in-dash CD just waiting to be cranked up.

Probably the most fun thing you'll ever carry in the ZTW isn't in the trunk. It's under the hood. Our high-revving 16V Zetec engine delivers 130 horsepower. Suddenly wagon doesn't have to be the dull "w" word.

Your friends won't believe you scored seats this good.

**Room. Leather trim. And that fancy word...AMENITIES.**

(And you didn't have to camp out 3 days to get them.)

**LEGS, HEADS, RIFFS AND LYRICS**

**ALL HAVE FREEDOM TO MOVE AROUND.**

And you won't want to leave without an encore.

## FOCUS FEATURES

You'll find 16" 6-spoke aluminum wheels on ZTS, ZX5, ZTW, ZX3 Premium and Power Premium. They're bound to strike a chord.

Available only on SE Wagon. 15" aluminum multi-spoke (16 exactly) glamour.

The SE Sedans and ZX3 cop some attitude with 15" 5-spoke aluminum wheels. One spin and you'll know they're not just for looks, either.

Focus LX struts its stuff on 14" steel wheels with "bolt-on" covers. Industrial chic hits the street.

The 16V Zetec 2.0L engine kicks out the jams to the tune of 130 horses. For Focus ZX3, ZTS, ZX5, SE Wagon and ZTW. Optional with the SE Comfort Sedan.

110 horsepower — the 2.0L 4-cylinder engine keeps Focus LX and SE Sedans movin' on. Quickly, we might add.

ZX3 Premium with dealer-installed accessory.

Hey, it's your environment. Be comfortable. The easy-to-reach controls let you dial in the right temp or find the right tune.

ZTS optional leather-trimmed interior shown in Medium Graphite.

Don't sing the blues about not fitting in. 60/40 rear seating helps you get over those awkward moments.

Open the power moonroof (available on ZX3 Power Premium, SE Comfort Sedan and Wagon, ZTS, ZTW and ZX5) and let the beat be heard. Hey, with the single in-dash CD player, tunes this good are meant to be shared. It's standard on ZX3, SE Sedans, ZTS and SE Wagons. A 6-disc in-dash CD player is standard with ZX5, ZX3 Power Premium and ZTW.

With 260 wild horses under the hood,

it's almost cruel to keep Mustang GT confined to the parking deck.

## SO TODAY YOU HIT THE ROAD -- HARD.

You've got the wind in your hair. The sun on your face.

**Mustang.**

It demands the freedom to flex its mighty muscles.

But you're happy to oblige.

## MUSTANG GT INTERIOR

Mustang GT Convertible shown in Medium Parchment with optional equipment.

MUSTANG

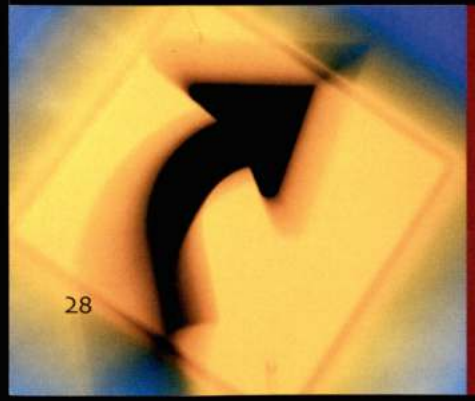
Mustang Coupe has certainly earned its stripes. On and off the track. These stripes are integral to the optional Sport Appearance Package.

These 16" alloy painted wheels are included in the Coupe Standard and Deluxe. You'll admire them as much at 70 MPH as when they're standing still.

Mustang Coupe Premium features 16" alloy bright wheels. Clean them with a toothbrush, if you must. But don't neglect that big grin you see in the reflection.

17" alloy painted wheels are part of Mustang GT Deluxe. Framed with pavement-churning black rubber. Pure art.

These 17" alloy Premium wheels are reason enough to opt for Mustang GT Premium. Do you (or this car) deserve any less?



MUSTANG

# MUSTANG FEATURES

True speed geeks know that the smallest enhancement can make a huge difference in performance. A different wheel, a redesigned control panel can quicken reaction times, and make for great times.

Ladies and gentlemen, start your Mach 1000 and stand back. It features a 60-watt amp that powers four midrange tweeters. Six 85-watt subwoofer amps driving four interior subwoofers. All-in-all, 1140 watts of mind-numbing peak power. Oh, and a 6-disc in-dash CD changer with speed sensitive volume control. Sweet.

Far right, you'll see the optional Mach 460 Stereo with 6-disc in-dash CD player. The sound is great. Of course, you'll never tire of the sound of that engine.

Keep your hands on the wheel as you put the pedal to the metal — Mustang's new MP3 CD player makes sure you don't miss a beat. Crank it up with the latest technology and the latest sound.

# BE A PART OF THE MUSTANG PHENOMENON.

Whether you own one of the firsts or thinking of the 2002 Mustang as your very first, you are part of an automotive love affair that is unlike any other. It is fueled by passionate people like yourself who thrill to the sound and relish the freedom of expression only Mustang can conjure. It began decades ago ( it seems like yesterday ) when the original "pony car" bolted onto America's twisty back roads, quarter-mile stretches of asphalt and high-speed banked ovals. GT, Cobra, Mach I, Boss, and SVO became industry high-water marks in power, design, and innovation. They are as famous as the places where they triumphed. Woodward Ave. Mullholland Drive. Pomona Raceway. Orange County International. Today, that bloodline continues to surge in a direct line to you. Continue the affair. Take the wheel and lift your sunglasses just enough to see the envy of some . . . or the tip of the cap from others. They are in love, too.

**But there's something to be said for making the most of life -**

## AND ZX2 WILL ADD PLENTY OF ZIP TO YOUR LEISURE TIME.

It's like catching a monster wave, waking up to 15 inches of fresh powder,

or knocking one out of the park....**every time you turn over the ignition.**

A standard rear spoiler, 15" aluminum wheels... and, of course, power mirrors to check out the chumps you've left behind.

Somehow the couch isn't very tempting when you've got ZX2 in your driveway. Take one look and you'll swear you'll hear it begging, "C'mon, let's play."

## THERE'S LOTS OF ROOM.

And as you can see, **ZX2 is about 180° from ordinary.**

ZX2

It's not always fair, but there will always be those who are more athletically inclined. In the world of cars, ZX2 is one of those lucky ones. Racy wheels, a rear spoiler, a 16V Zetec engine – ZX2 has the goods to deliver one heck of a great performance – every time.

# ZX2 FEATURES

Round and round they go, where the available 14" chrome wheels on ZX2 Premium will land, nobody knows. Most likely, somewhere fun.

ZX2's 15" aluminum wheels are standard. Pretty high standards, we'd say.

ZX2's 2.0L DOHC 16V 130-hp Zetec engine. Like the uber-athlete after a big carbo-load. Plenty of verve, always with some to spare.

Shaved heads...lycra suits... aerodynamics are important when you want to go fast. Of course, ZX2's headlamps slice through the air and manage to look great doing it.

An available 6-disc trunk-mounted CD changer. Standard AM/FM cassette with premium speakers. Now you're ready for a marathon—a musical one, that is.

You've always had this feeling about driving ZX2. But with its optional moonroof, the sky really is the only limit.

Remote keyless entry with anti-theft is standard on ZX2 Premium. You win. The bad guys lose.

We designed the gauges on ZX2 to be easy to read. But as you watch that needle flash forward, you may wonder if your eyes are playing tricks on you.

# DEALER ACCESSORIES

Check out your dealer for these and other great Ford dealer-installed accessories.

Losing just one thing can ruin the fun for the day. ZX2 offers a cargo organizer that keeps things steady and ready to go.

Wear a black mask. It'll protect your paint from flying stones and all those kamikaze bugs.

Push the remote start button and start your ZX2, even from inside your home. When it's cold outside, it's the coolest.

As if you're not having enough fun in ZX2 itself, you can also get a removable roof rack that lets you take your other fun stuff with you.

Ford Credit's Red Carpet Lease
Many lease managers have completed many hours of training in a Red Carpet Lease program designed to make us the best in the business. We think you'll find a Red Carpet Lease is the best way to lease.

Under the New Vehicle Limited Warranty, you'll receive bumper-to-bumper no-deductible coverage on your new Ford vehicle for 3 years/36,000 miles. You'll also receive unlimited-mileage, no-deductible corrosion perforation coverage for five years. Ask your Ford Dealer for a copy of this warranty.

During its 3-year/36,000-mile limited warranty period, every new Ford vehicle includes the assurance and support of a 24-hour emergency Roadside Assistance program. Roadside Assistance includes such services as fuel delivery, tire changes, jump starts, and help when you are locked out of your vehicle. Ask your Ford Dealer for complete details about this program.

Complete information on our vehicle lineup is available on our web site. To get more information before you visit your Ford Dealer, please visit us at **www.fordvehicles.com**. Likewise, to get details on various financing options available on your new Ford vehicle, please visit our web site at **www.fordcredit.com.** Doing so can give you a head start before talking to your Ford Dealer about financing your new Ford vehicle.
